

SUGGESTED KEY MESSAGES FOR TNC INSURANCE COMPROMISE MODEL BILL SUPPORTERS:

- Over the past months, state legislatures have been evaluating proposals to regulate the activities of Transportation Network Companies (TNCs). The auto insurance and transportation network industries share a mutual commitment to ensuring safe transportation options and this includes ensuring that transportation network companies and their drivers maintain appropriate automobile insurance.
- Some of the leading auto insurance organizations and Transportation Network Companies have come together to urge adoption of commonsense TNC insurance rules designed to:
 - eliminate consumer confusion,
 - provide a framework for safe transportation options, and
 - support continued marketplace innovation.
- The TNC Insurance Compromise Model Bill will help bring clarity and consistency to TNC insurance laws, and will:
 - enhance consumer choice,
 - increase entrepreneurial activity, and
 - bring greater stability and confidence to the transportation network industry.
- Residents in states that have passed similar regulations have already begun to benefit from the clearly-defined insurance requirements for Transportation Network Companies and their drivers. We believe this model imposes reasonable and workable requirements for TNCs and their drivers and provides insurers with the ability to make sound underwriting and pricing decisions. We believe it will also create an environment where TNC services will thrive and also facilitate development of a robust insurance market for this new business model.

4. If insurance maintained by driver in subsections 2 or 3 has lapsed or does not provide the required coverage, insurance maintained by a Transportation Network Company shall provide the coverage required by Section B beginning with the first dollar of a claim and have the duty to defend such claim.
5. Coverage under an automobile insurance policy maintained by the Transportation Network Company shall not be dependent on a personal automobile insurer first denying a claim nor shall a personal automobile insurance policy be required to first deny a claim.
6. Insurance required by this Section B may be placed with an insurer licensed under [CITE STATUTE] or with a surplus lines insurer eligible under [CITE STATUTE].
7. Insurance satisfying the requirements of this Section B shall be deemed to satisfy the financial responsibility requirement for a motor vehicle under [STATE FINANCIAL RESPONSIBILITY STATUTE].
8. A Transportation Network Company Driver shall carry proof of coverage satisfying sections B.2 and B.3 with him or her at all times during his or her use of a vehicle in connection with a Transportation Network Company's Digital Network. In the event of an accident, a Transportation Network Company Driver shall provide this insurance coverage information to the directly interested parties, automobile insurers and investigating police officers, upon request pursuant to [INSERT ELECTRONIC ID CARD LAW OR CREATE SUCH LAW]. Upon such request, a Transportation Network Company Driver shall also disclose to directly interested parties, automobile insurers, and investigating police officers, whether he or she was logged on to the Transportation Network Company's Digital Network or on a Prearranged Ride at the time of an accident.

C. Disclosures

1. The Transportation Network Company shall disclose in writing to Transportation Network Company Drivers the following before they are allowed to accept a request for a Prearranged Ride on the Transportation Network Company's Digital Network:
 - i. The insurance coverage, including the types of coverage and the limits for each coverage, that the Transportation Network Company provides while the Transportation Network Company Driver uses a Personal Vehicle in connection with a Transportation Network Company's Digital Network; and
 - ii. That the Transportation Network Company Driver's own automobile insurance policy might not provide any coverage while the driver is logged on to the Transportation Network Company's Digital Network and is available to receive transportation requests or is engaged in a Prearranged Ride, depending on its terms.

D. Automobile Insurance Provisions

1. Insurers that write automobile insurance in [INSERT STATE] may exclude any and all coverage afforded under the policy issued to an owner or operator of a Personal Vehicle for any loss or injury that occurs while a Driver is logged on to a Transportation Network Company's Digital Network or while a Driver provides a Prearranged Ride. This right to exclude all coverage may apply to any coverage included in an automobile insurance policy including, but not limited to:
 - i. Liability coverage for bodily injury and property damage;
 - ii. Personal injury protection coverage as defined in [CITE STATUTE];
 - iii. Uninsured and underinsured motorist coverage;
 - iv. Medical payments coverage;
 - v. Comprehensive physical damage coverage; and
 - vi. Collision physical damage coverage.

Such exclusions shall apply notwithstanding any requirement under [STATE FINANCIAL RESPONSIBILITY STATUTE]. Nothing in this section implies or requires that a personal automobile insurance policy provide coverage while the driver is logged on to the Transportation Network Company's Digital Network, while the driver is engaged in a Prearranged Ride or while the driver otherwise uses a vehicle to transport passengers for compensation.

Nothing shall be deemed to preclude an insurer from providing coverage for the Transportation Network Company Driver's vehicle, if it so chose to do so by contract or endorsement.

2. Automobile insurers that exclude the coverage described in Section B shall have no duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this Article shall be deemed to invalidate or limit an exclusion contained in a policy including any policy in use or approved for use in [STATE] prior to the enactment of this Article that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy, shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of Section B at the time of loss.

3. In a claims coverage investigation, Transportation Network Companies and any insurer potentially providing coverage under Section B shall cooperate to facilitate the exchange of relevant information with directly involved parties and any insurer of the Transportation Network Company Driver if applicable, including the precise times that a Transportation Network Company Driver logged on and off of the Transportation Network Company's Digital Network in the twelve hour period immediately preceding and in the twelve hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions and limits provided under any automobile insurance maintained under Section B.

FAQs – TNC Insurance Compromise Model Bill

March 26, 2015

Which organizations support the TNC Insurance Compromise Model Bill?

As of March 25, 2015, the American Insurance Association (AIA), the Property and Casualty Insurers Association of America (PCIAA), the National Association of Mutual Insurance Companies (NAMIC), State Farm, Allstate, USAA, Farmers Insurance, Liberty Mutual, Nationwide Insurance as well as Uber and Lyft support the TNC Insurance Compromise Model Bill.

Why have Uber and some of the Leading Insurers Compromised on Legislation?

State legislatures across the country are considering TNC insurance legislation to help protect their citizens and encourage innovation. Several states have enacted TNC insurance laws and others are close.

After several conversations, we found that Uber's "essential elements" were not too far from those articulated in the Industry Toolkit.

The supporting insurance organizations and Uber concluded that if we could reach a compromise on the differences, we would ensure the proper insurance protection for consumers, and achieve more consistent legislative outcomes that allow both industries to innovate.

What are the main provisions of the TNC Insurance Compromise Model Bill?

- The model is similar to bill passed in Colorado and the pending compromise bill in New Mexico.
- In summary the legislation accomplishes the following:
 1. Expressly permits personal auto policies to exclude coverage for TNC related driving.
 2. During Period 1, this bill would mandate primary insurance coverage of **50/100/25** and includes all state mandated coverages (e.g., UM or PIP). The mandate does not include comprehensive or collision coverages.
 - Each of the six states that have passed TNC laws have enacted similar period 1 limits
 - CA, CO, UT = 50/100/30
 - IL, DC, VA = 50/100/25
 3. During Periods 2 and 3 when a driver has accepted a ride request and/or while the fare paying passenger is in the vehicle, the bill would mandate primary insurance of \$1 million in liability coverage (up to \$1.5 in a minority of states that mandate such coverage for limos) as well as any other coverage mandated for limos by the state's financial responsibility laws. The mandate does not include comprehensive or collision.
 4. These coverage mandates can be satisfied by either a policy maintained by the TNC driver, by the TNC itself or a combination of both.
 5. The primary TNC coverage shall not be dependent upon a personal auto policy denying a claim before coverage is triggered.
 6. TNC drivers will be required to carry proof of TNC insurance coverage.
 7. TNCs must disclose to their drivers that their current personal auto policy may not provide any coverage for TNC related driving.
 8. After an accident, TNC drivers must disclose whether they were logged into the TNC system.
 9. Requires cooperation between TNCs and insurers involved in a coverage investigation.
 10. Grants a statutory right of contribution against TNCs for claims insurers may have erroneously paid.

What is the main difference between the Industry Toolkit Model and this Compromise Model?

The biggest difference is the absence of the "firewall" language that appears in the California law. The Compromise Model creates neither a presumption of coverage nor a presumption against coverage for TNC related activities.

This bill also does not contain any mandate that TNCs or their drivers maintain comprehensive or collision coverage. This was only an "optional" provision in the Industry Toolkit Model.
